\* Organic Farms on this map are certified organic through the Northeast Organic Farming Association of New York, Inc. [www.nofa.org](http://www.nofa.org)

**Why Eat Local?**  
Eating locally grown and raised foods increases your awareness of where your food comes from, local growing seasons and the importance of supporting local agriculture. Local foods are fresher and more nutritious than foods that have traveled many miles and days to get to your table. When you buy direct from local farmers, your dollars stay within your community and strengthen the local economy. This helps to preserve farming as a livelihood and rural landscapes as farmland.

We encourage you to visit [www.EAT3.ORG](http://www.EAT3.ORG) for wholesome recipes, meal planning ideas and information on how you and your family can Eat Well, Eat Local and Eat Together.

Thank you to the farmers of Herkimer County for their cooperation in developing this map. We hope you enjoy the food products grown in Herkimer County.
